

# Do you know what is required in British Columbia Workplaces?

A Health and Safety Program is one of the requirements...

## AgSafe's Agricultural Health and Safety Program

- ✓ Meets all of the legal requirements
- ✓ Combines required activities and AgSafe's recommended best practices
- ✓ Can easily be tailored to meet the situation of each workplace
  - Any size and any commodity

### Large Workplaces

- Must have a formal written program

### Small Workplaces

- Have to have a more informal program based on regular meetings with workers

A Health and Safety Program is Organized into 8 Elements...
