

Risk Assessment & Infection Prevention and Control Protocol (COVID-19):

Company:	Prepared by:
Date:	HAZARD: <u>COVID-19</u>
Type of farm/ agricultural operation:	

Instructions to complete:

- **Task & Location:** Identify tasks being performed in which COVID-19 may present itself as a hazard to your workers (e.g. transporting workers, planting, packing line etc.). Document where each task is performed.
- **Exposure source:** Determine who or what may be a potential source of COVID-19 (e.g. other workers, common use tools etc.)
- **Persons at risk:** Determine who is at risk of COVID-19 exposure
- **Level of risk:** Determine what level of risk will be present for your workers for each task – High / Medium / Low
- **Infection Prevention and Control Protocol:** Identify what procedures you have implemented to mitigate the risk of COVID-19 exposure for each Task & Location identified. (e.g. limit number of workers in vehicle, install barriers between workers on packing line, stagger break times, increased cleaning frequency etc.) The procedures / protocols must be specific to your farm and the hazards you identify.

***Employers may add or adjust rows to meet the needs of your farm. All columns must be complete.**

Things we have considered when Completing Company Risk Assessment:

- We involved workers, including our Joint Health and Safety Committee/Representative in our risk assessment.
- We considered all areas where people gather, including main work areas, break rooms, kitchens, washrooms, change rooms, meeting rooms.
- We have considered all places where workers are close to customers or other members of the public (entrances and exits, shop floors, aisles, service counters, registers).
- We have considered transportation, if workers travel together or with members of the public and if workers use vehicles others may have driven.
- We have identified tools, machines and equipment that workers share.
- We have considered surfaces that people touch often such as light switches, doorknobs, steering wheels, cash registers, phones, photocopiers, and washroom facilities.

NOTES: Employees must complete the self-assessment tool <https://bc.thrive.health/> at the start and end of each shift, prior to entering a vehicle. Employees who upon completion of the self-assessment tool determine they may have signs or symptoms of COVID-19 will refrain from entering any vehicle and immediately report to the employer, while ensuring physical distancing of 2m (e.g., reporting by phone).
