Worker Health Check: Public Health Order

People with symptoms of COVID-19 or who have had a potential exposure are prohibited from entering this workplace.

Provincial health officer order issued November 19th, 2020 requires every worker to conduct a daily health check before entering a workplace.

Workers, contractors, trades people or staff from other companies must complete this check and sign below to enter our workplace.

1. Read the conditions and symptoms on the sign. (WorkSafeBC Entry Requirements Poster)
2. If any of the conditions or symptoms apply to you, DO NOT enter this workplace. Go home and use the BC COVID-19 Self-Assessment Tool available online or follow any public health advice you have been given.
3. If the conditions or symptoms do not apply to you, Complete and sign the form below.
